

EMPOWERING PLANS

Plan Appointed Claim Evaluator (“PACE”)

Be an industry leader and implement a new profit center by shifting fiduciary burdens away from current and prospective clients, and onto the PACE!

The self-funded industry turns to The Phia Group for our legal and analytical expertise. Now, acting as your PACE, we handle final appeals as a fiduciary. When a benefit plan sponsor chooses to utilize the PACE service, we assume the fiduciary role, stand behind our directive, and defend decisions in the face of external appeal and judicial scrutiny.

The Phia Group will also facilitate the retention of independent review organizations in accordance with applicable law, and help facilitate the IRO external appeal process.

Keeping PACE with The Phia Group
