

CARE. EMPOWERED.®

Subrogation & Recovery Services

We **CARE** About Unlocking Your Full Recovery Potential

CARED for by The Phia Group

We provide the best-in-class plan language and customize programs based on your needs.

Empowered by The Phia System™

Our proprietary logic and case detection technology not only uncovers standard recovery cases like MVAs and Workers' Compensation, but also Mass Tort and class action cases arising from recalls, toxic substances, defective devices, and more.

Guided by Experts

Experienced claims recovery specialists, paralegals and attorneys resolve complex claim issues and coordinate with all parties, including stop-loss, for a seamless and efficient process.

The Bottom Line

By leveraging legal acumen and technology, **we significantly increase recoveries—ultimately** benefiting the plan, its members, and their families.

How We **CARE** with Subrogation & Recovery Services

Fully integrated Mass Tort process not only identifies additional recovery cases but also informs harmed members of their rights to potential settlement dollars.

Custom enhanced analytics reduce or eliminate the need for member interaction.

When plans win, so do families. Recovered dollars are reinvested back into their plans.

The Phia Group is here to maximize your recovery savings.
